

### **Bendigo's gentle rolling hills unveil a wine region full of character and flavour.**

Imagine yourself meandering along country roads enjoying the view and being greeted by the winemakers at cellar door. Or, coming along to one of the local events for a perfect day of Bendigo region wine, food and music.

Locally grown wines give a true flavour of a region full of winemaking history dating back to the 1850s.

Today, Bendigo's winemakers meticulously craft plenty of award-winning wines.

Regular visitors to the region fondly refer to it as "The Winemakers Region", because chances are you'll meet the winemaker tending vines or working in the winery.
